GENERAL PURPOSE INSTRUCTIONS AND INFORMATION

The primary objective of the attached document is to solicit pricing proposals for comparison of right of way services for emergency restoration in the event of a federal, state, or electric power distribution system declared disaster.

The solicitation of a proposal or acceptance of a proposal does not obligate WREC to provide any assurance of work to any contractor. Work should only begin after receiving a Work Authorization form from the Master Services Agreement.

Insurance, Bond, and Other Expenditures

Until authorized by WREC, the Contractor should not purchase any insurance for the purpose of this proposal. A bond may be required for the purposes of this proposal. Until authorized by WREC, the Contractor is warned not to make any expenditure for the purposes of this proposal.

Contractor Emergency Contact Information

WREC is requesting the Contractor provide in Provision 25 of the Master Agreement, "Emergency Contact Information" a comprehensive listing of emergency contact information. The Contractor may append this document.

Proof of Insurance

Provide a sample of required insurance to WREC with this proposal/bid submittal and attach to the Master Agreement as Exhibit H. WREC will request an insurance certificate with WREC as additional insured when Work Authorization is sent to contractor.

Confidentiality of Proposal Information

The items summarized in Exhibit B, "Rate Schedule" and Exhibit I, "Contractor's Rate Sheet" of the Master Agreement will NOT be announced or released to the public.

Hold Harmless

The Contractor agrees to defend, pay on behalf of and hold harmless WREC, its directors, officers, agents and employees from all claims of whatsoever nature of kind, including those brought by employees of the Contractor and its agents and subcontractors. The contractor agrees to defend and pay all costs in defined these claims, including attorney fees. Further, the Contractor agrees to maintain public liability and property damage insurance (including automobile, public liability and property damage insurance) to cover the obligations set forth above. The minimum insurance limits of liability shall be \$1,000,000 bodily injury and property damage. WREC shall receive a minimum 30-day notice in the event of a cancellation of insurance required by this agreement. The Contractor shall furnish a certificate of insurance to WREC showing the above obligations and requirements are provided by a qualified insurance carrier and endorsing WREC as an additional insured on such insurance before any work begins.

Federal Funding

WREC may seek federal disaster assistance to reimburse its costs under the resulting agreement, e.g., Public Assistance from the Federal Emergency Management Agency (FEMA). Contractor will comply with all applicable federal law, regulations, and executive orders. WREC will pay Contractor per the terms and conditions of the Master Services Agreement and Work Authorization. WREC's payment to Contractor is not contingent on WREC's receipt of federal funding; however, Contractor will cooperate and assist WREC in its efforts to obtain reimbursement from FEMA.

Agreement and Compensation

The successful bidder must be prepared to immediately enter into an agreement with WREC and must deliver a copy of all required policies of insurance or insurance certificates at that time.

The Agreement shall continue in force until 36 MONTHS from the Effective Date with the option to extend annually under mutual agreement. A rate review on any extension would be limited to the value equal to the most current National Consumer Price Index for Urban Wage Earners (CPI-W) by the Bureau of Labor Statistics classifications. Any request for review must be submitted by MARCH 31ST of each year for consideration of implementation on APRIL 1st.

The agreement awarded pursuant to this RFP will include all provisions required under 2 C.F.R. Part 200 and FEMA guidelines. If the agreement includes time and materials/equipment, any Work Authorization issued pursuant thereto will be subject to a not-to-exceed amount, which the awarded contractor exceeds at its own risk. However, with the exception of cost-plus pricing, WREC will consider other forms of pricing offered by a bidder to determine whether such pricing offers WREC the best value. The not-to-exceed amount will be included in the Work Authorization.

Insurance Requirements

Contractor will procure and maintain at its own expense, the following minimum insurance coverage:

- A. Statutory Workers' Compensation, Occupations Disease, and Employer's Liability Insurance with limits no less than that statutorily imposed by Florida Workers' Compensation Statutes.

 1. Bodily Injury and Property Damage Liability – One Million Dollars (\$1,000,000) combined single limit per occurrence.
 2. The coverage shall insure the performance of the contractual obligations assumed by Contractor under the agreement. The Products/Completed Operations Liability coverage shall be provided for a period of one year after completion of the Work.
- C. Comprehensive Automobile Liability Insurance which shall apply to all owned, non-owned, leased and hired automobiles used by Contractor with minimum limits of liability as follows:

Bodily Injury and Property Damage Liability – One Million Dollars (\$1,000,000) combined single limit per occurrence.
- D. Umbrella Liability Insurance in the minimum amount of Three Million Dollars (\$3,000,000) per loss. This policy shall provide excess limits for automobile and comprehensive general liability coverage.

Contractor shall provide evidence of the minimum insurance coverage by providing a Certificate of Insurance in forms and with insurance companies acceptable to the Company before any work under the agreement begins. Insurance specified herein shall not be canceled or materially changed without thirty (30) calendar days advance written notice to the Company.

If Contractor utilizes Subcontractors, Contractor's insurance shall insure the obligation of Subcontractors unless Contractor requires Subcontractors to procure and maintain separate insurance policies with terms and limits identical to the requirements as specified herein. Said Subcontractors shall be bound by the same Certificate of Insurance, cancellation, insurance modification and policy limit requirements as the Contractor. Copies of Certificates naming the Company as an additional insured shall be provided to the Company prior to the Contractor beginning work.

- E. The Company shall be named as additional insured on all policies of insurance required in subsections "B", "C" and "D" of this section.

Owner reserves the right to award the agreement to other than the lowest price offeror.

As part of the evaluation process, WREC may request additional information from a bidder, request clarification of any proposal item, or invite one or more qualified bidders to be interviewed.

The decision to award will be based on an evaluation of a bidder's ability to meet WREC's needs, and in accomplishing that objective, WREC reserves the right to make one award or multiple awards. The award(s), if made, will be to the bidder(s) whose proposal(s) is the most advantageous to WREC and which demonstrates the best overall value, with price and other factors being considered.

MASTER SERVICES AGREEMENT

No. SITE25-01

DISTRIBUTION & TRANSMISSION ELECTRIC SYSTEM CONSTRUCTION CONTRACT NON-SITE SPECIFIC SITE PREPERATION, CLEANUP AND REPAIR

THIS MASTER SERVICES AGREEMENT (together with all appendices, addenda, exhibits and schedules attached hereto, the "Agreement"), is entered into this ____ day of _____, 2025 (the "Effective Date") by and between **WITHLACOOCHEE RIVER ELECTRIC COOPERATIVE, INC.**, a Florida not for profit corporation ("Owner"), and _____ ("Contractor"). For purposes of this agreement Owner and Contractor may be referred to individually as a "Party" and collectively as the "Parties."

In consideration of the promises mutually exchanged in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the Parties agree as follows:

1. **TERM OF AGREEMENT.** This Agreement shall commence on the Effective Date and shall continue for a period of three (3) years (the "Term"), unless earlier terminated pursuant to Section 15.
2. **SCOPE OF WORK; WORK ORDERS.**
 - 2.1. Description of Work. Contractor shall furnish all labor, services, supplies, tools, equipment, materials, supervision, transportation, power, communications, and other provisions necessary for or incidental to the work requested by Owner pursuant to a Work Order, substantially in the form attached hereto as **Exhibit A** (the "Work"). Contractor shall provide a Mobilization/Demobilization Schedule and attach hereto as **Exhibit C**.
 - 2.2. Work Orders.
 - 2.2.1. Each Work Order will describe the Scope of Work requested by Owner, the estimated completion date ("Estimated Completion Date"), compensation, and other pertinent information. For Work to be performed on a time and equipment basis, the Work Order will include a firm not-to-exceed amount of compensation, which shall only be adjusted pursuant to an approved Change Order (defined below). Each Work Order issued pursuant to this Agreement shall be subject to the terms and conditions hereof and incorporated into and made part of this Agreement upon execution by Contractor.

2.2.2. Contractor shall bear all costs and expenses associated with any Work in excess of the not-to-exceed amount established in the Work Order, unless such costs and expenses are authorized in a Change Order prior to Contractor incurring costs or performing Work in excess of such not-to-exceed amount.

2.2.3. Owner may issue one or more Work Orders to Contractor; however, such Work Orders shall be issued on an "as needed" basis with no guaranteed minimum amount of work. In the event Owner has contracted with multiple contractors for performance of the Work or similar work, Owner shall have the right to give preference to one or more contractors based on value and convenience to Owner, in Owner's sole determination. Accordingly, Owner may issue a Work Order to a contractor other than the contractor having the lowest priced bid or proposal.

2.3. Time and Manner of Work.

2.3.1. Contractor shall diligently and efficiently perform the Work in accordance with (i) the terms of this Agreement, (ii) the rate schedule set forth in the attached **Exhibit B** ("Rate Schedule") and/or **Exhibit I**, ("Contractor's Rate Sheet (Labor & Equipment)", (iii) the Work Order and all applicable plans, drawings and specifications provided by Owner and listed therein (the "Plans, Drawings, and Specifications"), (iv) all applicable standards, codes, laws and regulations, (v) instructions from Owner's designated representative ("Representative"), and (vi) generally accepted practices within the industry.

2.3.2. Unless otherwise directed by Owner in writing, Contractor shall not commence any work under this Agreement until such time as Contractor has executed a Work Order issued by Owner for the Work, the commencement of which shall begin on a date determined by Owner.

2.4. Owner Furnished Materials. Owner may furnish certain materials to Contractor for the Work ("Furnished Materials"). Contractor shall be responsible for damage to or loss of any and all Furnished Materials. The value of damaged or lost Furnished Materials will be deducted from payments owed to Contractor for completed Work. Furnished Materials will be on hand at the Owner's headquarters and district offices, or at other sites as may be designated by the Owner, including field-drop locations and temporary work sites.

3. **CHANGE ORDERS.** The Owner, acting through the representative designated by Owner ("Representative") for the project listed on the applicable Work Order ("Project"), including such Representative's duly authorized assistants and representatives, may from time to time during the progress of the Work make addition(s), deletion(s), or modification(s) to the Plans, Drawings, and Specifications, list of materials, Scope of Work, or sequence of Work, as conditions may warrant, by submitting a written request to Contractor for a change order ("Change Order"). Changes in the Work may be adjusted only by a Change Order describing such requested addition(s), deletion(s), or modification(s) to the Work. The Change Order shall include any mutually agreed-upon adjustments to the Compensation and anticipated completion date, if applicable, and must be signed by Owner and Contractor prior to Contractor's commencement of the Change Order Work. All Change Orders issued pursuant to this Agreement shall be subject to the terms, provisions, and conditions in this Agreement, unless otherwise agreed to in writing by Owner.
4. **COMPENSATION.**
- 4.1. Owner shall compensate Contractor in accordance with the compensation listed in the applicable Work Order ("Compensation") plus any approved reimbursable costs and expenses.
- 4.2. Federal regulations prohibit the reimbursement of cost-plus pricing with federal grant dollars. Cost-plus pricing jeopardizes Owner's ability to obtain federal reimbursement and is prohibited under this Agreement.
- 4.3. Time and Materials or Time and Equipment Work Orders.
- 4.3.1. For any Work Order subject to a not-to-exceed Compensation amount, Owner shall pay Contractor for hourly labor and equipment at the rates listed in the Rate Schedule and for the actual cost of material (without overhead and profit). Contractor's hourly rates for labor and equipment in the Rate Schedule shall be inclusive of all overhead and profit.
- 4.3.2. Contractor may not commence Work under a time and materials or time and equipment Rate Schedule until a not-to-exceed Compensation amount is agreed to by the Parties pursuant to an executed Work Order, the amount of which Contractor exceeds at its own risk, unless such increase in not-to-exceed Compensation is authorized pursuant to an approved Change Order.

5. INVOICING, REIMBURSEMENTS AND PAYMENTS.

5.1. Invoicing.

- 5.1.1. On or before the fifth (5) day of each calendar month, Contractor shall submit to Owner an application for payment for Work completed during the preceding calendar month. All applications for payment or other invoices shall be itemized and reference the Master Agreement number associated with this Agreement and shall clearly and accurately reflect the unit prices or labor/equipment rates listed in Rate Schedule, and shall include copies of all applicable time sheets and equipment logs, with such documentation furnished and certified by Contractor, all of which shall be subject to approval by Owner; provided, however, that such approval by Owner shall not be deemed approval of the Work performed or materials incorporated therein.
- 5.1.2. Contractor shall provide owner adequate documentation to support all costs, including all documentation required by FEMA to support Owner's request for reimbursement. Time sheets shall include (at a minimum) the name, date, hours worked, activities performed, location, work order number, and county. Time sheets with deficient information shall be subject to rejection by Owner, which may result in delayed payments to Contractor.
- 5.1.3. Contractor shall not invoice for Work or expenses in excess of an established not-to-exceed Compensation amount, unless such amount has been amended pursuant to an approved Change Order.
- 5.1.4. Contractor may be required to submit revised invoices to meet FEMA's requirements for reimbursement. Separate invoices shall be required for any work performed beyond the scope or outside of the timeline of the FEMA emergency event.

5.2. Meals, Lodging, Fuel, and Incidentals; Reimbursements.

Contractor shall provide copies of all expense receipts for meals, lodging, and incidentals to Owner for reimbursement, each of which shall clearly identify the restaurant or place of lodging, town, date, and names of employees (more than one name on any meal or lodging receipt is permitted).

5.2.2. Owner will reimburse for meals and lodging, not to exceed the rates defined in Item 27 of Exhibit A, and not to exceed the applicable per diem rates for the calendar year as provided by the U.S. General Services Administration (GSA), currently available at www.gsa.gov/perdiem. If Owner furnishes a base camp, Contractor shall be required to reside at the base camp and therefore, Per Diem reimbursement shall not apply. In certain limited circumstances, Per Diem may be reimbursed while base camp accommodations are being provided. Any request for Per Diem shall be pre-approved by Owner.

5.2.3. Contractor is expected to provide fuel for his vehicles and equipment. Any fuel distributed to the Contractor by the Owner shall be signed for by the Contractor and charged back to the Contractor at the Owner's cost. An invoice offset may be used at the Owner's option.

5.3. Payments to Contractor.

5.3.1. Payment Terms. Owner will pay all undisputed, accurate, and properly and timely submitted applications for payment on or before the fifteenth (15th) day of such calendar month for the completed Work included in Contractor's application for payment.

5.3.2. Final Payment.

(a) Upon Owner's completion of the Work and Owner's acceptance of the completed Work, but prior to final payment to the Contractor, the Contractor shall:

(1) deliver to Owner a Certificate of Contractor and Indemnity Agreement in the form attached hereto as **Exhibit D** and certifying that (i) all persons or entities having furnished labor, materials, or services for the Project have been paid in full and (ii) the Contractor shall hold the Owner harmless against any liens arising out of Contractor's performance of the Work hereunder which may have been or may be filed against the Owner.

 - (b) Upon Owner's approval of the aforementioned, Owner shall make the final payment to Contractor for all unpaid amounts owed to Contractor pursuant to this Agreement ("Final Payment").
 - (c) For purposes of this Agreement, "completion of the Work" shall mean full performance of Contractor's obligations under this Agreement, including all Change Orders, with the exception of Contractor's obligations listed in paragraph (a) of this Section.
- 5.3.3. Acceptance of Payments. No payment pursuant to any Work Order shall be deemed evidence of proper performance by Contractor, nor shall any such payment be construed as acceptance or approval of defective Work or materials. Acceptance of Final Payment by Contractor shall constitute a full waiver and release by Contractor of any and all claims against Owner arising out of, or relating to, performance of the Work.
- 5.4. Right to Withhold Payment. Owner may, upon written notice to Contractor, withhold payment due to Contractor if:
- 5.4.1. 5.6.1. Contractor agrees to indemnify, defend, and hold harmless Owner against any liens or claims filed against Owner's property associated with Contractor's Work pursuant to this Agreement. Contractor shall promptly remove or cause to be removed all such liens or claims filed by Contractor or its subcontractors. If a liens or claims is filed, Owner may, in Owner's sole and absolute discretion, withhold payment to Contractor pursuant to Section 5.4.4. until Contractor delivers to Owner affidavits of payment from Contractor's subcontractors or suppliers, and Contractor provides evidence that any such lien or claim filed against Owner or Owner's property has been waived or released.

6. SUPERVISION.

6.3. Contractor shall give sufficient supervision to the Work, using its best skill and attention. Contractor will carefully study and compare all Plans, Drawings, and Specifications and will immediately report to Owner any error, inconsistency or omission which Contractor discovers. Owner shall have the right to require the Contractor to increase its number of employees or subcontractors, and to adjust the number or type of tools and equipment being utilized for the Work, if at any time Owner deems the Work unsatisfactory or deficient. Notwithstanding the foregoing, failure of the Owner to give any such direction shall not relieve Contractor of its obligations to complete the Work in the manner specified under this Agreement.

In addition, Owner agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

16.4. Hire other contractor(s) to perform the Work and deduct any additional actual and out of pocket costs incurred by Owner as a result of substituting contractors from any amounts due to Contractor; or

16.5. Pursue and obtain any and all other available legal or equitable remedies.

This Section shall in no way be interpreted to limit Owner's right to pursue any and all other available legal or equitable remedies against Contractor.

17. **CONFIDENTIALITY.**

17.3. While rendering the Work under this Agreement, Contractor may have access to confidential or proprietary information regarding Owner and its related business entities (the "Information"). Contractor acknowledges the proprietary and sensitive nature of the Information and the importance of maintaining the secrecy and confidentiality of such Information. The Information includes, but is not limited to, proprietary and confidential matters concerning certain know-how, data and/or other matters related to Owner's current and proposed operations, as well as Owner's clients, customers, vendors, security and financial information, technical data, drawings, designs, software, tapes, inventions, developments, processes, technology information, marketing strategies, targeting methods, business objectives and any information relating to the pricing, and research development or related information to which Contractor has gained access in connection with this Agreement. Contractor shall notify Owner immediately of any loss or unauthorized disclosure or use of Information that comes to its attention.
- 17.5. Contractor shall only use the Information for the purpose of performing the Work under this Agreement and will restrict disclosure of the Information solely to those of its employees, agents and subcontractors with a need to know such Information for the purpose of performing such Work. Contractor will ensure that any such person permitted access to any portion of the Information is advised of its confidential nature and that it may be used only for the purposes enumerated hereunder.
- 17.6. The Parties agree that any unauthorized use or disclosure of Information by Contractor may cause immediate and irreparable harm to Owner for which money damages may not constitute an adequate remedy. In such event, the Parties agree that Owner may seek injunctive relief as appropriate.
- 17.7. If Contractor is directed by court order, subpoena or other legal or regulatory agency's request or similar process to disclose any of the Information, Contractor shall notify Owner in writing in accordance with the provisions of Section 26.2, with a copy of such document attached, in sufficient detail immediately upon receipt of such court order, subpoena, legal or regulatory agency's request or similar process, in order to permit application by Owner for an appropriate protective order.

Contractor shall make use of the Proprietary Materials only as expressly permitted under this Agreement. To the extent that any Proprietary Materials are not deemed to be "works made for hire," Contractor hereby irrevocably grants, assigns, transfers and sets over to Owner all right, title and interest of any kind, nature or description in and to the Proprietary Materials, including copyrights and any other intellectual property rights therein.
