KITCHEN SAFETY TIPS

Safety in the kitchen is paramount to prevent accidents and injuries. Here are some essential tips to ensure safety while cooking.

- **Never leave food that's cooking on the stove unattended.**
- **Clean and remove spilled foods from cooking surfaces.**
- **Be mindful of where you place flammable items such as dish towels.**
- **Make sure electrical appliances are a safe distance away from your kitchen sink.**
- **Keep children away from hot surfaces and sharp objects. Store knives and other dangerous items out of reach.**
- **Read and follow the manufacturer's instructions for all kitchen appliances. Never overload electrical outlets, and don't use damaged appliances.**
