WREC's 75th ANNUAL MEETING OFFICIAL NOTICE OF CANCELLATION Due to COVID-19

The meeting was scheduled for Wednesday, April 20, 2022, at the Dan Cannon Auditorium at the Pasco County Fairgrounds. In accordance with the provisions of the bylaws, the purpose of the meeting was to consider reports presented by the Corporate Officers, hear the Executive Vice-President and General Manager's report, and conduct any other appropriate business.

Trustee positions up for election this year are **District 1 in south-west Citrus County, District 3 in northern Hernando County, and District 5 in north-central Pasco and south-central Hernando County.**

The Nominating Committee met on February 1, 2022, to consider the qualifications of all Members who indicated a desire to be nominated for a trustee position.

The Committee nominated the following candidates to run for the Cooperative's Board of Trustees:

- District 1: Robert W. Strickland
- District 3: Patricia P. Bechtelheimer
- District 5: Robert J. Barthle

The bylaws provide that nominations be made by petition, but none were submitted. Therefore, the incumbent trustees of **Districts 1, 3, and 5** were nominated by the committee and automatically re-elected for the three-year term.

The Cooperative's **2021 Annual Report** will be available on **wrec.net** in May for Members to review.

We look forward to seeing you at next year's Annual Meeting when you can attend and participate in the business of your Cooperative.

Sincerely yours,

Terrence E. Schrader
President

State of Florida new COVID case positivity for the past 10 weeks...

IMPORTANT INFORMATION

For Our Medically Essential Members

At Withlacoochee River Electric Cooperative, we know that reliable electric service is important to all of our Members. For those Members who are medically dependent on electric powered equipment to sustain life, reliable electric service is a necessity. That is why we have established a *Medically Essential Service Program* for our Members.

Who is Considered A Medically Essential Member?

A *Medically Essential Member* is a person who has a residential electric service and is medically dependent on electric powered equipment. This equipment must be operated continuously or as circumstances require (as specified by a physician) to avoid the loss of life or to avoid serious medical complications. Losing power may require immediate hospitalization of the Member or other permanent residents at the Member's residential service address.

What Does the Medically Essential Program Provide?

Should an outage occur, Withlacoochee River Electric Cooperative will restore service as soon as can be reasonably expected depending on the power outage circumstance. In the event of a scheduled outage, the Cooperative will attempt to contact the Member 24 hours prior to disconnecting service as a courtesy. If contact cannot be made, the Cooperative will attempt to send an employee to the Member's residence to notify them in person or by leaving a written note regarding the scheduled outage. This

program does not exempt Members from disconnection of service if they do not keep payment arrangements.

Member's Responsibility

Members should develop an action plan that includes having back-up power and/or an alternative power supply in the event of an interruption of electrical service.

How Do I Get Started?

To register, Members should contact or visit their local Cooperative office for the proper forms or go to wrec.net for more information.

To Report An Inoperative Or Malfunctioning Street Light

Please call your local Cooperative Office, OR you may also log on to wrec.net and click on the **Repair Street Light** button, then complete and submit the *Street Light Repair Request Form*, or you can download the *SmartHub*® app and request a street light repair.
